URGENT REMINDER
Re: Displaying of Official Street Address

As you may be aware Legislation was recently approved in the Consultative Forum that requires all businesses and residences to display their official addresses.

It is unfortunate that the business community have not taken the lead in this venture by displaying their addresses prior to legislation making it unlawful not to do so. However, we are reminding you at this time to please ensure that your company is complying with the section of the law which stipulates that failure to display the official number as assigned is punishable by a fine.

If you do not yet know your official business address, please do not hesitate to contact our office so that we can confirm that number for you. In addition, we can order the numbers for you to ensure their compliance with the standard guidelines that have been produced, or you may opt to obtain your number separately which must comply with the minimum standards (see attached flyer).

In the event that your office is located in a complex that is owned and managed by a Landlord, the Landlord has responsibility for ensuring the number is displayed and we would ask that you remind said Landlord of his responsibility.

We appreciate your compliance and look forward to hearing from you in the very near future.

Yours sincerely,

A handwritten signature in blue ink that reads "Gooding".

Juliette Gooding
